

A FREE CAPS PARENTING EDUCATION CLASS

Coming Out & Forging Ahead LGBTQ+ Parenting

A recent Gallup Poll showed that 21% of Gen Z adults, ages 18-25, identify as LGBTQ+. That's 1 in 5. For the parent of a lesbian, gay, bisexual, transgender or questioning (LGBTQ+) child, providing support isn't always easy. In most ways no different from their peers, LGBTQ+ youth face unique challenges parents often feel unprepared to handle.

This class was created and is led by Vicki Price, MS, CAPS Education Program Director; Beverly Cole, wife, mother and author of Cleaning Closets: A Mother's Story and Voices from the Kingdom: All God's Children Have Keys; Stephanie Johannes, teacher and advocate; and Leah Peterson, M.D., Family Medicine Physician at Salina Family Healthcare Center.
